## Library Card Sign-Up Month

Since 1987, Library Card Sign-up Month has been held in September to mark the beginning of the school year. It is when the American Library Association and libraries nationwide join together to remind parents, caregivers and students that signing up for a library card is the first step towards academic achievement and lifelong learning.

The value of today's libraries goes beyond books. Librarians are leaders in their communities – helping people of any age to find what they need to help improve their quality of life, in addition to offering a variety of programs to stimulate an interest in reading and learning. This September, let's make sure that every student has the most important school supply of all – a free library card.
